

Truro District School Bands Auxiliary Application for Financial Assistance

The Truro District School Bands Auxiliary is committed to supporting music education in the Truro schools and believes that all students should have the opportunity to participate in the program. Recognizing that some families have financial circumstances that make paying the fees for the band and choir program difficult, we provide a variety of payment options. Families can pay in three different instalments, or can make other instalment arrangements with the Coordinator and the Treasurer. In addition, we have some funds available to provide financial assistance for families who cannot afford to pay the full fees. To receive financial assistance, the family must complete this form and return it to the Coordinator.
